

UI/UX PROJECT

BY: GRACE ZHU

IDEA/CONCEPT

I WANTED TO CONTINUE USING MY DESIGNS FROM THE COMMUNICATIONS PROJECT TO CREATE AN APP. THINKING OF AN APP THAT MAKES PEOPLE ALLEVIATE THEIR STRESS.

STUDIES HAVE SHOWN THAT SIMPLY TALKING ABOUT OUR PROBLEMS AND SHARING OUR NEGATIVE EMOTIONS WITH SOMEONE WE CAN BE PROFOUNDLY HEALING—REDUCING STRESS, STRENGTHENING OUR IMMUNE SYSTEM, AND REDUCING PHYSICAL AND EMOTIONAL DISTRESS

DON'T WORRY BE HAPPY

self-destruct

socialization w/out any supervisions

MY IDEA IS TO CREATE AN APP THAT ALLOWS PEOPLE TO TALK ABOUT THEIR WORRIES WITH STRANGERS WITH THE DISCRETE THAT THEIR IDENTITY REMAIN UNVEILED.
